## Rising Star Dance Production

Each spring the Dance Depot presents its annual production. This performance is for the students who wish to expand their knowledge and improve their performance technique. Participating in the production is in no way mandatory, however, performing exposes the student to many aspects of dance. Each year it is our hope that all will participate in the production.

### *A Wonderful Experience for All*

It is a great feeling to be rewarded for your efforts, to know that all the hard work can make you a star. Lots of glitter, make-up, beautiful music, and applause will touch the hearts of many as the performance commences. It is so important for the learning performer to achieve the confidence it takes to be part of a real production, and share with loved ones all the things they have learned.

### *Moments to Cherish Forever*

When the dance comes to an end, smiles light up the stage. Tears of happiness streaming down many faces attest that the show is an accomplishment that won't soon be forgotten. It is their hard work that leads to that magic moment, the discovered thrill of performing a victory. A professional video will be available to make this memory a keepsake

### *Let the Dream Become a Reality*

### What Can You Do For Your Child?

1. Urge them on! Help build confident minds and open hearts.
2. Teach them the importance of working together.
3. Help each student stay focused on the final goal.
