

WOULD YOU HELP?

Let's work together as we watch how we can make a difference. Please notice some areas mentioned below that we could use your help. We'd be appreciative of your helping hands. Our sign-up sheet can be found in our waiting area.

Be a Class Parents for a class in need. We would like 1 or 2 helpers for each of our younger age groups. You'll be an important part of all of your child's Practices & Rehearsals while giving guidance back stage before going on stage.

Lend a helping hand while putting mats out on stage during intermission & taking them off shortly after.

Auditorium Monitors are stationed out in the auditorium, alongside the student section during the show. Students need to remain quiet while being guided back stage 5 numbers prior to their performance.

SHOW TIME - BEING PART OF THE AUDIENCE

We want this show to be a fun & rewarding experience for all. Performers will be allowed to sit out in the auditorium during the show while following the required guidelines;

1. Sit in their assigned section.
2. Wear a cover-up.
3. Remain quiet when sitting in the audience.
4. Remember to go back stage "5" numbers prior to each of his/her dances.
5. Little Tykes and Tiny Tots must be accompanied by one adult/parent in the student section.

Class Parents are needed to keep the entire group in the proper waiting station back stage just prior to going on stage. All other parents will be asked to observe in silence & be prepared to meet your dancer in the dressing room for changes. Remember, each parent is responsible for changing their performer. NOTE! Costume changes will need to be made in the Dressing Rooms back stage ONLY. **The show must go on...**

Last day of regular classes: WEDNESDAY, JUNE 21

Your full monthly tuition will be charged, while still giving you the guaranteed class time in the month.
Extra class time & stage practices will compensate for the short month.

STAGE MAKE-UP & HAIRDO'S

Let this be a time, that make-up & dressing up is part of the fun!

When the bright lights come on, and you are not wearing enough blush & lip stick, you'll tend to get a washed out look. We want to remind you that lip stick colors should be bright in color and the blush should be exaggerated. Eye make-up can be used as well, if desired. Hair should be secured neatly in a bun for all dancers. It looks best to have all bangs combed back. (This is done best when the hair is damp and some styling gel is used.)

SMILES ~ SUPERVISION ~ SNACKS

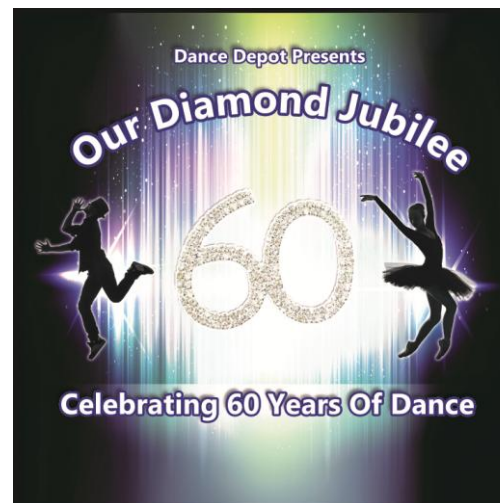

Keep your chin up and smile! Get the sleep you need so we can enjoy this time together, learning what is involved in putting on a good performance.

Bring snacks to keep the stomach happy. We can enjoy watching others put their best foot forward, as we wait for our turn.

Let's be patient with others, and make sure you know when your performer is scheduled to be done so they won't be unattended.

Never take your child during a rehearsal without notifying us. We need to know all our performers are in safe hands, if not on stage. Following the Finale during show time all of our younger performers will be kept on stage for you to pick up.

PRODUCTION VIDEO: Redding Video Productions will be shooting a professional video again this year. Order your keepsake memory for only \$30.00 (DVD). There will be **NO VIDEOS OR ELECTRONIC DEVICES ALLOWED DURING SHOWTIME.** All personal taping will have to be taken during those practices prior to show time.
